

#### **Product Features**

## > Soaring performance & blazing-fast speed

With a capacity ranging from 4 GB to 32 GB and speed ranging from 2400 MHz to 3200 MHz, V2 greatly speeds up your system. Enhanced performance makes V2 ideal for entertainment, office work, and schoolwork.

#### > Screened ICs ensure high quality

High-quality memory ICs are selected by performing rigorous tests throughout the production process, which meets the JEDEC standards. Every memory module has been thoroughly tested to ensure excellent performance.

#### > Wide compatibility & high stability

The V2 is compatible with motherboards of mainstream board manufacturers, ensuring its reliable performance and high stability.

## > Energy-saving and eco-friendly for heavy workloads

The V2 operates under 1.2 V low voltage to ensure high efficiency and low power consumption. It improves the stability at continuous high intensity operations while meeting RoHS standards for environmental protection.

### **HP Advantage**

HP, the world's leading IT company, the world's top 500, business covers IT infrastructure equipment, storage, commercial and home computers, printers, digital imaging and other fields, PC shipments for many years in the world's top, the world's billion industry elite are using. HP continues to forge ahead in storage technology and make every effort to create new storage products, and will continue to be committed to providing high-quality, reliable storage products and services to consumers around the world. HP has a comprehensive after-sales system and service outlets in the global region to provide users with a full range of after-sales services.

# HP V2 DDR4 U-DIMM Product Specifications

DIMM Type	DDR4 U-DIMM			
Capacity	4 GB / 8 GB / 16 GB / 32 GB			
Frequency	2400 MHz	2666 MHz	3000 MHz	3200 MHz
Timing	CL17	CL19	CL16	CL16
Rank	1R × 8 / 2R × 8			
RAM	DDR4 288 Pin			
DRAM	512 Mb × 8 / 1 Gb × 8 / 2 Gb × 8			
Voltage	1.2 V			
Operating Temperature	0 °C to 85 °C			
Dimensions	133.25 x 31.25 x 3.90 mm			
Weight	≤ 16.5 g			
Pin	288 Pin			
Certifications	RoHS, CE, FCC			
Warranty	5-Year Limited Warranty			

<sup>1.</sup> Updates are required throughout product life cycle when necessary. HP reserves the right to change product images and specifications at any time without notice.

<sup>2.</sup> All product specifications are under internal test results and are subject to variations by user's system configuration.

<sup>3.</sup> Product are subject to regional availability.

<sup>4.</sup> Instructions for purchasing high-frequency memory: overclocking memory needs to be equipped with a matching motherboard and processor to exert its overclocking performance. Please verify prior to purchase whether your motherboard and CPU support the specifications of what you want to buy. Activate XMP after installation to enjoy the overclocking speed.
