Descripción

The Equip 245118 Vertical Ergonomic Wired Mouse is designed to provide optimal comfort and support for your hand, wrist, and forearm, making it an ideal choice for long hours of computer use. Unlike traditional mice, this vertical design promotes a natural handshake position that helps reduce strain and prevent repetitive stress injuries like carpal tunnel syndrome. Its contoured shape fits comfortably in your hand, allowing for precise control with minimal effort.

Equipped with responsive optical tracking, the mouse delivers smooth and accurate cursor movement on various surfaces. The wired connection ensures a stable and lag-free experience—perfect for both work and casual gaming. It features conveniently placed buttons, including forward and back navigation buttons, as well as adjustable DPI settings for customizable sensitivity.

Built with high-quality materials, this ergonomic mouse is durable and reliable for daily use. The plug-and-play USB interface means no drivers or setup are required—simply connect and start using. Whether you're working in an office or setting up your home workstation, this mouse offers the performance and comfort you need.
