# 351005 Impresora térmica de recibos POS de 58/80 mm con cortador automático

Product Images

Short Description

- Wide compatibility with most types of business software
- High-speed, stable with low-noise printing
- Easy paper loading system
- Compatible with POS/ESC command set
- Thermal printing, no need for ink ribbon and toner
- Work with standard 50/80mm thermal paper

Descripción

The equip 58/80mm Thermal POS Receipt Printer with Auto Cutter is a fast, reliable, and compact solution for retail, hospitality, and service environments. Designed to support both 58mm and 80mm paper widths, it provides flexibility to meet different business needs while ensuring sharp, high-resolution print quality for receipts, tickets, and vouchers.

Featuring a high-speed thermal printing mechanism, it reduces wait times at checkout and improves customer satisfaction. The integrated auto cutter delivers clean, precise cuts every time, minimizing paper jams and ensuring smooth operation during peak hours. Easy connectivity options such as USB, Ethernet, or Bluetooth (model dependent) allow seamless integration with a wide range of POS systems. With its durable construction, low noise, and energy-efficient thermal technology, this printer is built to handle heavy daily workloads. Compact and stylish, it is an excellent choice for businesses seeking a dependable and cost-effective receipt printing solution.
